Benefits of Expert Consult Online

Convenience and Accessibility • Access expert content anytime, anywhere, on any device with an internet connection. • Search and retrieve information quickly and easily through a user-friendly interface.

Personalized Learning• Create bookmarks, notes, and highlights to tailor the content to your specific needs. • Track your progress and identify areas for further study.

Multimedia Enhancements• Engage with interactive videos, animations, and audio recordings to enhance your understanding. • View high-quality images and illustrations for visual learning.

Research and Collaboration• Access a searchable database of millions of articles from leading medical journals. • Collaborate with colleagues online through discussion forums and message boards.

Benefits of Expert Consult Print

Timeless Value• Physical copies provide tangible assets that can be consulted without internet access. • The printed format offers a distraction-free environment for focused study.

Durable and Portable• High-quality materials ensure durability for long-term use. • Compact size allows for easy portability, whether in the office, clinic, or on the go.

Reference and Recall• The physical format facilitates quick reference and aids in memory recall. • Post-it notes and annotations allow for quick reminders and personalization.

Exclusive Features

Expert Consult Online and Print provides exclusive features that enhance the user experience:

Self-Assessment Tools • Assess your knowledge through interactive quizzes and self-evaluations. • Identify areas for improvement and target your studies accordingly.

Continuing Education Credits • Earn continuing education credits through online modules and print content. • Stay up-to-date with the latest medical advancements and enhance your professional credentials.

Clinical Guidance • Access evidence-based treatment guidelines, decision-support tools, and patient handouts. • Make informed clinical decisions and improve patient outcomes.

Target Audience

Expert Consult Online and Print is designed for healthcare professionals who seek to advance their knowledge and skills, including:

• Physicians • Nurses • Pharmacists • Medical students • Researchers • Health sciences educators
