Power, a renowned spelunker and historian, has spent decades exploring the underground caverns, tunnels, and abandoned cities that lie beneath our feet. In this captivating book, he shares his adventures and discoveries, revealing the hidden world that exists just beneath the surface of America.

From the vast Mammoth Cave system in Kentucky to the labyrinthine tunnels beneath New York City, Power leads us through a subterranean labyrinth of forgotten histories and untold stories. He introduces us to the eccentric characters who have inhabited these hidden worlds, from cave explorers and urban spelunkers to treasure hunters and lost souls.

Through vivid descriptions and captivating anecdotes, Power brings to life the subterranean landscapes that have shaped the history of America. He explores the role of caves in the American Civil War, the use of tunnels for smuggling during Prohibition, and the lost cities that have been discovered beneath the streets of major metropolises.

"On the Trail of an Underground America" is not just a book about exploration; it is also a testament to the resilience and adaptability of the human spirit. Power shows us how people have found refuge, adventure, and even a sense of community in these dark and hidden places.

Whether you are an avid explorer or simply fascinated by the hidden history of America, "On the Trail of an Underground America" will captivate your imagination and transport you to a world that exists just beneath your feet.
