What is the Thyroid?

The thyroid is a small, butterfly-shaped gland located in the front of your neck. It is responsible for producing two hormones: thyroxine (T4) and triiodothyronine (T3). These hormones help to regulate your body's metabolism, growth, and development.

What are the Symptoms of Thyroid Disease?

The symptoms of thyroid disease can vary depending on whether you have hypothyroidism (underactive thyroid) or hyperthyroidism (overactive thyroid).

Symptoms of Hypothyroidism

* Fatigue * Weight gain * Constipation * Dry skin * Brittle hair * Cold intolerance * Depression

Symptoms of Hyperthyroidism

* Weight loss * Increased appetite * Diarrhea * Anxiety * Heat intolerance * Increased heart rate

How is Thyroid Disease Diagnosed?

Thyroid disease is diagnosed with a blood test that measures the levels of thyroid hormones in your blood. A physical exam may also be performed to check for any signs of thyroid disease, such as an enlarged thyroid gland.

What are the Treatment Options for Thyroid Disease?

The treatment for thyroid disease depends on the type of thyroid disease you have.

Treatment for Hypothyroidism

Hypothyroidism is treated with thyroid hormone replacement medication. This medication helps to replace the hormones that your thyroid is not producing.

Treatment for Hyperthyroidism

Hyperthyroidism is treated with medication, radioactive iodine, or surgery. The type of treatment that is best for you depends on the severity of your hyperthyroidism.

What are the Related Conditions Associated with Thyroid Disease?

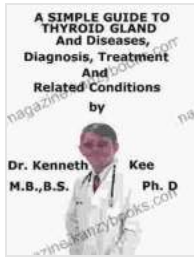

Thyroid disease can be associated with a number of other health conditions, including:

* Heart disease * Stroke * Infertility * Pregnancy complications * Mental health disFree Downloads

Thyroid disease is a common health problem that can affect people of all ages. The symptoms of thyroid disease can vary depending on the type of thyroid disease you have. If you are experiencing any of the symptoms of thyroid disease, it is important to see your doctor for a diagnosis and treatment.
